INDIAN ASSOCIATION OF LABORATORY PHYSICIANS

Objectives:

- (1) To bring Pathology, Medical Microbiology, Clinical Biochemistry, Biotechnology, Cytopathology, Haematology, Clinical Immunology, Human Genetics, Forensic Medicine, Radioimaging and other related diagnostic branches of medicine under one umbrella of IALP.
- (2) To promote and spread the clinically oriented teaching of Diagnostic Medicine for more coordinated medical management of all illnesses.
- (3) To inculcate the trend of self and peer accreditation of all the diagnostic laboratories.
- (4) To work as nodal agency for recommending the recognition or de-recognition of diagnostic laboratories/centers for quality assurance/accreditation with other Government or non-government departments and agencies including MCI, IMA etc. due to their satisfactory or unsatisfactory performances, respectively.
- (5) To keep a check on mushrooming of unqualified persons /laboratories catering diagnostic services directly on patients.
- (6) To disseminate the scientific knowledge through Journals/News Letters/ pamphlets/ Radio/television programs or by opening the training schools/colleges etc.
- (7) To organize short term and long term training/workshop/ Superspeciality courses including modern tools such as gene amplification techniques and recombinant DNA technology for members in order to develop skilled man power in the area of diagnostic medicine.
- (8) To collaborate with scientists/doctors outside the country and working in the field and take their help to develop diagnostic technology in India.
- (9) To encourage and collaborate the interaction between scientific community and the market/industry in area of diagnostic medicine and help them in patenting/marketing their product/ technology in the field.

Eligibility for the Membership of the Association

The association will register and enroll the following categories of the members.

A) Founder and Life Members:

Members registered and enrolled upto 30th June, 1999 shall be the founder life members. Any person having MCI (Medical Council of India) recognized basic medical qualification such as MBBS (Bachelor of Medicine and Bachelor of Surgery) or MD (Doctor of Medicine) and involved in human disease diagnosis will be eligible to get registered for this membership by paying a registration fee of Rs 100.00 (Rs. One hundred only) and shall pay Rs 2000.00 (Rs. Two thousands only) as life membership fee within the stipulated period as notified.

B) Life Members:

Members registered and enrolled after 30th June, 1999 shall be the life members. Any person having MCI recognised basic medical qualification such as MBBS or MD and involved in human disease diagnosis will be eligible to get registered for this membership by paying a registration and membership fees of Rs 2100.00 (Rs. Two thousand and one hundred only) or more if revised by the general body/executive body of the Association (IALP).

C) Ordinary Members:

MBBS doctors working or studying the diagnostic branches of Medicine would be registered for ordinary membership by paying Rs. 100.00 (One hundred only) as registration fee and Rs. 200.00 (Two hundred only) as annual membership fee for a calendar year. The month of January shall be mark of one calendar year.

D) Honorary Member:

Scientists and physicians of eminence in the area of medicine and its superspecialities who have contributed significantly to the area of human disease diagnosis or developing diagnostic tools might be considered for honorary membership on the discretion of executive body of the Association (IALP). These members will not be required to pay any membership fee. However, such members will not have right to hold any office of the Association (IALP) nor they will be eligible to cast their vote in any election of the Association (IALP).
